

USER INSTRUCTIONS

TRIPOD HYBRID

P/N: 3500001

IMPORTANT!

Please read these safety guidelines thoroughly before operating the Tripod Hybrid. Keep this document in a secure location for future reference.

Technical Specifications:

Safety Class:	II
Protection Rating:	IP54
Input Voltage:	220–240 V~ 50/60 Hz
Operating Temperature Range:	-10 °C to +40 °C

Single Lamp Details:

Power Consumption:	92 W
Luminous Output:	9000 lm (3000 lm x 3)

Operating Durations:

- Approx. 90 minutes (1500 lm)
- Approx. 45 minutes (3000 lm)
- Approx. 30 minutes (4500 lm)
- Approx. 15 minutes (9000 lm)

Dimensions (L/W/H):	1038 x 193 x 153 mm
Weight:	4100 g (lamp) + 550 g (cable)

Before Use:

This LED lamp is designed for both indoor and outdoor applications. Any other usage or modifications to the device are prohibited.

Safety Instructions:

1. Verify that the available power supply matches the lamp's required voltage before use.
2. Inspect the lamp and its power cable for damage prior to every use. Never operate the lamp if any defects are detected. **Caution! Damaged components pose a severe risk of electric shock!**
3. Avoid using the lamp in hazardous areas with flammable liquids, gases, or dust. **This can create a life-threatening explosion risk.**
4. Do not stare directly at the LED light, as it is extremely bright.
5. Keep the lamp out of reach of children, as they may not understand the dangers of electrical devices.

Maintenance:

PLEASE NOTE:

For non-replaceable light sources, only the manufacturer, their authorized service personnel, or qualified individuals should replace the light source.

Never attempt to open the lamp while it is connected to a power source.

Cleaning:

Avoid using harsh chemicals, solvents, or abrasive cleaning agents. Clean the lamp only with a dry or slightly damp cloth.

Disposal:

Dispose of electrical devices responsibly. Do not discard them with household waste. According to the European Directive 2012/19/EU, electrical and electronic equipment must be collected separately and sent for recycling. Contact your local authorities to learn about proper disposal methods for old devices.
