Headlamp Power

P/N: 3500011

IMPORTANT! RETAIN FOR FUTURE REFERENCE: READ CAREFULLY!

Technical specifications:

Protection class	III/IP54/IK08	=====
Charging input	240V;50/60Hz;5V	===== 1A(Max.)
Charging cable	1m Type-C,24AWG	
Illuminant	3.5W 1xCOB	
Luminous flux	400/80	
Charging time	Approx 3H@400lm,7H@80lm	
Operating time	Approx. 3H	=====
Battery	Li-poly 3.7V	===== 1500mAh
Operating temperature	-10°C ~ +40°C	
Push button switch	400lm-80lm-off	
Sensorswitch	on-Off	
Dimensions L/B/H	78x39x36mm	
Net weight	112g	

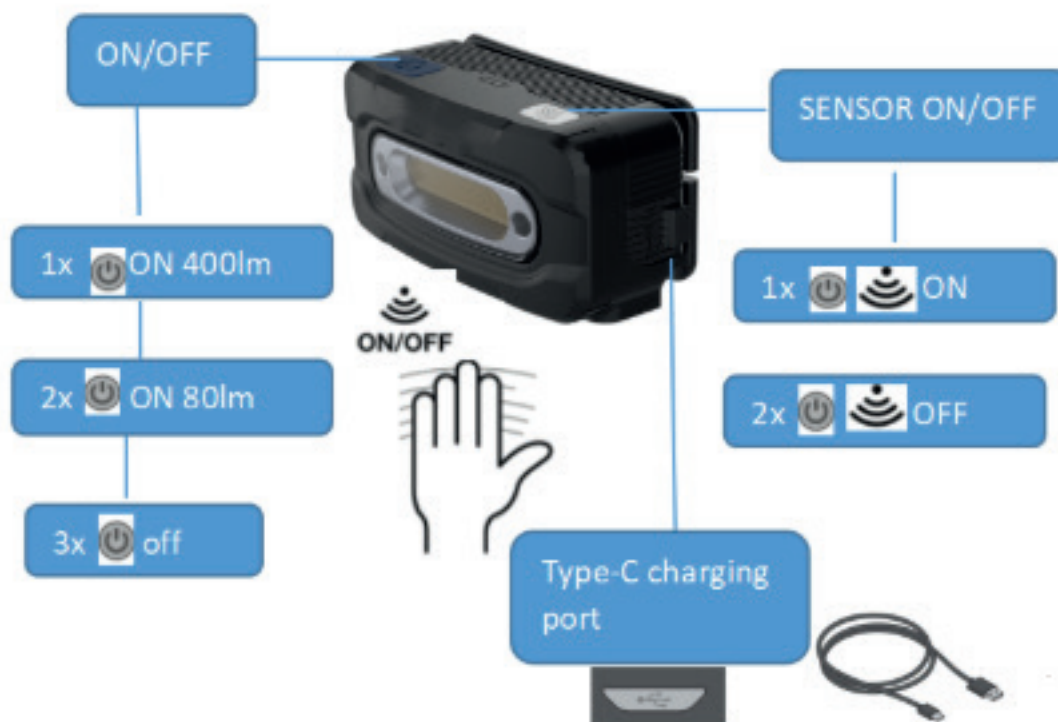

Proper intended use:

The headlight is suitable for outdoor lighting applications (such as workshop, camping, garage and so on).

Operation:

Turn on/off the lamp and dim the lamp that two level bright settings by the standard push button. Or you can easily turn the lights on/off by waving your palm. To activate this function, please turn on the motion sensor button first.

Safety Notes

1. Prior to commissioning, make sure the right voltage is available.
2. Prior to each charge, make sure the light and mains supply cable are not damaged in any way. Never use the lamp if you find damage.
3. Do not use the handlamp in explosive environments in which flammable liquids, gases or dusts are present. Risk to life!
4. LED lights are extremely bright. Do not look directly at the lamp.
5. If the external flexible cable or cord of this luminaire is damaged, it shall be replaced by a special cord or cord exclusively available from the manufacturer or his service agent.

Maintenance:

PLEASE NOTE: For non-user replaceable light sources: The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person. Never open the lamp when the mains supply cable is connected.

CLEANING

Do not use solvents, corrosive cleaners or the like. Use a dry or slightly moist cloth for cleaning ONLY.

Disposal

Dispose of electrical devices in an environmentally responsible manner!

Do not dispose of electrical devices with household rubbish.

In accordance with European Directive 2012/19/EU regarding electrical and electronic devices must be collected separately and sent in for recycling.

Please contact your local authorities for available disposal options for your worn-out device.
